

On Friday March 19th, the Down Syndrome Alliance of the Midlands will be joining our organization among others around the world in celebrating WORLD DOWN SYNDROME DAY!

*World Down Syndrome Day is Sunday March 21st. We will be celebrating together on Friday March 19th.

3/21, World Down Syndrome Day, was selected to signify the uniqueness of the triplication (trisomy) of the 21st chromosome which causes Down syndrome.

Together we will create a single global voice for advocating for the right and inclusion of people with Down syndrome in our school, community and around the world.

Down Syndrome Alliance of the Midlands has supplied pairs of colorful, crazy mismatched socks our organization so that we can show your support on 3/19. These socks demonstrate that it is okay to be unique and different.
